

Mercy Overflow (Kyrie)

Text: Evelina Gard

Musik: Evelina Gard, Magnus Ahlgren

For the days when tears would stream down my face
For the nights when I would lie wide awake
For the times when I would feel all alone
Every test and every trial and tribulation
You were there in every situation
You would never let me out of Your hold

Hidden in my heart
the very word of God
Telling me to trust
Never let go

I never knew a love so strong and pure
a grace so relentless and so sure
every time I call Your mercy overflows
Broken and tattered - here I stand
Holding on to Your never changing hand
Jesus I pray don't ever let me go away

For the times that I was so self absorbed
Didn't know what it was that I was looking for
didn't care if You were there by my side
Jesus I'm thankful
When I think of all that You've done for me
How You gave Your all on Calvary
forever changed my future and my destiny

Hidden in my heart
the very word of God
Telling me to trust
Never let go

I never knew a love so strong and pure....
